PROJECTS

Bus Booking App (UI/UX Design)

Designed the complete UI/UX for a bus ticket booking application with live location tracking — featuring simple navigation, easy seat selection flow, real-time bus tracking screens, and a clean booking process for a smooth user journey.

Shopping App (UI/UX Design)

Created end-to-end UI/UX design for a shopping application including product listing, cart, and checkout screens with a user-centric layout focused on smooth browsing and a seamless purchase experience.

E-Commerce Website (Frontend Development)

Built the complete frontend of an e-commerce website with responsive web pages covering home, product listing, and cart pages — designed for clarity, accessibility, and ease of use across all screen sizes.
