PROFESSIONAL SUMMARY

UI/UX Designer with hands-on internship experience in wireframing, high-fidelity prototyping, design systems, user flows, and responsive web/mobile interfaces. Skilled in Figma and familiar with HTML5/CSS3, usability testing, accessibility, and developer handoff. Focused on creating clear, intuitive, and user-centered digital experiences.

CORE COMPETENCIES & TECHNICAL SKILLS

UI/UX & Product Design

High-Fidelity UI Design, Wireframing, Interactive Prototyping, User Research, User Flows, Information Architecture, Auto Layout, Design Systems, Design Thinking

Design & AI Tools

Figma, Adobe XD, Adobe Firefly, Uizard, Canva

Frontend & Technical Skills

HTML5, CSS3, JavaScript, Basic Python, Problem Solving & Debugging

EDUCATION

B.Tech in Information Technology

2023 - 2027

Mohamed Sathak Engineering College · Keelakarai, Ramanathapuram, Tamil Nadu

CGPA: 7.64 / 10 (up to 6th semester)

EXPERIENCE

UI/UX Design Intern

08/2026 - 09/2026

Appin Technology · Coimbatore, Tamil Nadu

- Designed responsive user interfaces and interactive clickable prototypes in Figma for web and mobile applications
- Created and refined user flows, wireframes, and reusable components to improve navigation and consistency
- Collaborated with mentors and team members to iterate designs based on feedback and project requirements

UI/UX Design Intern

06/2026 - 07/2026

Thiranex Technologies · Online

- Collaborated with senior designers on visual hierarchy, typography, layouts, and micro-interactions for digital products
- Created low- to high-fidelity wireframes and user journey maps, refining designs through feedback sessions
- Reviewed interfaces against accessibility principles, including color contrast and touch-target considerations

UI/UX Design Intern

06/2026 - 07/2026

NoviTech R&D · Online

- Translated business requirements into wireframes, user stories, user flows, and Figma mockups for client deliverables
- Worked with development-oriented workflows to prepare designs for responsive desktop and mobile implementation
- Participated in usability-focused reviews and incorporated feedback into iterative design improvements

PROJECTS

Personal Portfolio Website

Self-Built Developer & Design Portfolio

- Built a personal portfolio website from scratch using HTML5 and CSS3 in Visual Studio Code to showcase UI/UX projects, skills, and case studies
- Designed a clean, responsive layout with custom styling to present work in a professional, recruiter-friendly format

UI/UX Designer for Bus Booking & Real-Time Tracking App

MobileTransit Ticketing Experience

- Designed an end-to-end mobile transit experience with route discovery, live tracking, seat selection, and streamlined checkout
- Created interactive Figma prototypes covering onboarding, ticket validation, boarding-pass generation, and real-time status alerts

Fintech Savings & Secure Payment App Designer

PersonalWealthManagement &Transactions

- Designed fintech dashboard concepts for savings goals, recurring deposits, transaction history, and peer-to-peer payments
- Created authentication flows, transaction cards, savings progress visuals, and accessible visual hierarchy

Amazon-Inspired E-Commerce Platform Designer

Responsive Multi-DeviceE-Commerce Experience

- Designed responsive desktop, tablet, and mobile screens with reusable components, product discovery, filters, cart, and checkout flows
- Built a Figma design system using Auto Layout, reusable components, typography, and color tokens
